

PRESS RELEASE

Canada, United States, Australia

GAD Media Network LLC United States, Europe, UK, Canada, Korea

“We are excited to announce the expansion with Gerard Solutions Inc. – DAG something we have been working on for about a year, we believe that the combination will be highly accretive for DAG, providing significant long-term strategic benefits to the company and enhance the future growth,” Maziar said in the release. “The expansion of our size and scale and the opportunities to integrate all professional services online with our operations will create a stronger company both nationally, internationally and create value for all of our constituents in the communities and countries we serve.”

“We are particularly excited about the opportunity to add two other countries, to DAG’S Resource Services within our cluster markets and the client rehabilitation services to DAG’S offerings,” she said. “Together with our growing home care, natural path services, mental health, disability and special equipment service business, this offers our clients and readers an expanded continuum of services and the opportunity for us to ‘Continue the Care’ for our clients and residents through an entire episode of treatment and recovery with online professionals and their personal offices.

Karen herself has offices in Lincoln, Hamilton & Toronto (Yorkville) areas.

Karen Maziar, president of both KGR Marketing Group Inc. and Gerard Solutions Inc. – DAG, said the change “delivers significant value to our company(s) and provides a major opportunity in our future growth nationally/internationally with plans of expansion even further to include many other countries and having DAG Teams.” She also says: “It’s about...“Building One Sandcastle At A Time”™ “In building the perfect sandcastle with one grain of sand at a time, making each sandcastle with a unique mould for we arrive at an architectural vision which all can embrace -- and one that will ultimately fulfill a predictable continuation of the sandcastles and beaches worldwide.”™

“Strengthened by six years of growth and some restructuring, Gerard has developed into DAG and its online Health and Home Care Resources division which have initiated this aggressive plan of expansion.”

“We are a flexible, practicable online value for individuals, teams, and organizations serving globally and been trademarked as so.”

“With over 91% new entrances on our site, we have now secured a returning visitor’s audience which is still growing”

Karen Maziar H.C.A., P.M.E, C.H, N.L.P

“With two offers on her plate for publishing her book she has intrigued me so much, that I’m very interested in reading her new book, called “*Building One Sandcastle At A Time*”™ “Real Life Story Of One Woman’s Journey.” A copyright - writing sample of this book is in the 2011 Resource Guides”

Maria Lampson (International Journalist for the GAD Media Network LLC)

“O.H.C is proud to be associated with Disability Advocate Gerard. The high professional standards and commitment to best interest of the client shared by the O.H.C. and DAG allowed us to easily create a partnership offering support to families living with those who are differently-abled. At the O.H.C. we understand that change, even for the better, can be a difficult process. Not only for the individual, but for all those who are a part of that person’s life. With change being a constant in all our lives, it’s important to ensure we have the necessary support that will allow us to move through change effectively. O.H.C. has a team of specialized experts who are excited to offer their experience and talents to DAG as the DAG Team of Toronto. We are also proud to welcome Karen Maziar, President of DAG, to be a part of the O.H.C team.”

Karen teaches personal image courses with anti – aging in Toronto within demographic district of Toronto University, Karen also travels doing workshops, seminars combined with a variety of programs for corporate from the executive to their employees.

“She captivated the auditorium with excitement, emotion, and freedom!” quoted from the Medical Mobility Network Inc.
